**A FEROCIOUS FIGHTER**

Adam Malone always knew he wanted to make a meaningful difference in other people's lives. It drew him to become a lawyer and continues to propel his work today. During his 25-year career, Malone has become one of Georgia's leading experts in the highly specialized areas of medical and hospital negligence, birth injuries, misdiagnosis, surgical errors, medication errors, amputation, brain injury, spinal cord injury and death.

Malone's record of success and his reputation for excellence inside and outside the courtroom are widely known and respected throughout the state of Georgia. Speaking of Malone, one trial judge remarked, "Some lawyers come in and pound the podium. Then there are the ones who pound the books, and you can always tell who they are." Lawyers opposing Malone have spoken of him in grittier terms: "Adam Malone kicked my

ass in Dougherty County and did it while being a real gentleman and consummate trial lawyer."

His dual commitments to justice and excellence have resulted in maximum recoveries for his clients, with many verdicts and settlements exceeding \$20 million. During his career, Malone has recovered more than \$650 million from wrongdoers for individuals and families.
